RE: PSCW Docket 137-CE-139: ATC's North Madison to Huiskamp Project

Dear Judge Marion:

I am requesting full party status in the above-mentioned matter. I believe turning our energy plan over to a for-profit company that only builds transmission capacity is terrible public policy, and will cause my utility rates to go up much more than is necessary to meet Dane County's energy needs. Although I don't live in the Waunakee area, once the PSC accepts the EI study by ATC as sufficient, the dam will be breached, and ATC will be allowed to flood the county with what I believe are short-sighted, profit-oriented projects. The study conducted by ATC is flawed in many respects, and their assumptions and omissions must be challenged before the commission.

Please direct any correspondence on this matter to:

Thank you.
